COOKIE POLICY

Cookies are small pieces of information stored by your browser on your computer's hard drive. It is generally used to provide you with a personalized experience while using the website you are visiting, to improve the services offered and to improve your experience, and can contribute to the ease of use when navigating a website.

COOKIES BY TYPES

- Mandatory/Technical Cookies: These are mandatory cookies for the website you visit to function properly. The purpose of such cookies is to provide the necessary service by making the site work.

 For example, it allows accessing secure parts of the website, using its features, and browsing on it.

- Analytical Cookies: They collect information about the usage pattern of the website, frequency and number of visits, and show how visitors get to the site. The purpose of using these types of cookies is to improve performance and determine the general trend direction by improving the functioning of the site. They do not contain data that can identify visitor identities.

For example, they show the number of error messages shown or the most visited pages. For example, it prevents the site user from re-entering the user password on each page they visit.

- Functional/Functional Cookies: Saves the choices made by the visitor on the site and remembers them on the next visit. The purpose of such cookies is to provide ease of use to visitors.

- Targeting / Advertising Cookies: They allow measuring the effectiveness of the advertisements presented to the visitors and calculating the number of times they are watched. The purpose of such cookies is to serve advertisements customized to the interests of visitors.

No targeting/advertising cookies are used on our website.

For example, it prevents the advertisement shown to the visitor from being shown again in a short time.
